## URGED TO CUT OFF

**Congress Flooded With Petitions** in Behalf of Measures Now in Committees.

Letters and petitions are pouring in on Congress in behalf of the legislation which is proposed for the cutting the belligerents.

Senator Hitchcock has introduced a measure with this object, Several similar measures have been proposed in the House. The Hitchcock measure is pending before the Foreign Relations Committee and the resolutions presented in the House are before the Foreign Affairs Committee. Both committees have held hearings.

It has been a long time since there has been such a flood of petitions and letters on any single subject as on this proposal to halt the shipment of war munitions to the European combatants. For the most part, of course, the petitions are signed by German-Americans. But this is not entirely the case.

Large numbers of signatures are those of people who take the view that the present course of this Government, in permitting munitions to

ernment, in permitting munitions to be shipped, is not in accordance with the idea of universal peace and is not calculated to hasten the end of the war.

Some, too, who are not pro-German, take the view that in practice the shipment of munitions to Europe for the allies while the Germans cannot get them in view of their isolation by the British navy, is not in accord with strict neutrality.

Most of the arguments are based on the idea that it is calculated to prolong the war and so is adverse to a policy of pacificism.

Let us see the scope of this Divine requirement, whose justice we have already acknowledged. We note the natural division of our text into three parts: (1) Doing justly; (2) Loving mercy; (3) Walking humbly.

The requirement of justice in all our dealings with our fellows commends itself to every rational mind. It includes the whole Law of God. A brief statement of that Law, which had our Lord's approval, reads, "Thou shalt love the Lord thy God with all thy being and with all thy strength; and thou shalt love thy neighbor as thyself." On these two propositions "hang all the Law and the Prophets."
